

COLORADO
Department of Health Care
Policy & Financing

Hello Long Term Services and Supports Stakeholders,

The Department of Health Care Policy & Financing (Department) would like to invite interested parties to provide input into potential changes to the Home and Community Based Services-Developmental Disabilities (HCBS-DD) waiver waiting list management.

Background Information

As a part of the ongoing discussion of rural sustainability, the Department's Office of Community Living (OCL) is exploring different ways to manage enrollments into the HCBS-DD waiver waiting list. The Department is considering a per capita process to allocate enrollments when the Colorado General Assembly appropriates a one-time enrollment appropriation.

Stakeholder Engagement Opportunities

The Department will be providing multiple opportunities for stakeholder engagement regarding potential changes to the HCBS-DD waiver waiting list management. These meetings will be designed to garner feedback from the community on how these changes would impact them and will inform the Department's implementation decisions. Each meeting will include a short presentation about current waiting list and enrollment practices and potential changes, and then time for open discussion, questions and comments.
